[Enhancing Water Supply Reliability](#)

## Introduction

For background and information on AWI (including our mission, accomplishments, and more), please see our [About page](#) and additional content listed in the menus above.

The Arizona Water Institute is now [closed](#) due to state and university budget shortfalls. A few projects begun by AWI remain active, including the [AHIS](#) and [EWSR](#) efforts as listed above. If needed, [contact information](#) is still available.

Thank you to our sponsors
