This is the water pumped into my pool from the city (this is the second time) After the city and the fire department helped me pump it out !!! This after the city flushed the lines !!! Was worse the first time This is the water pumped to all of your homes !!!

I called town this morning Karen sent some guys to help pump it out ...Good job guys thank you ..I called the fire department Jose also sent some guys and another pump .. good job to them too ..thank you

What upset me today was I tried to get Wes (the mayor to come look at it) I was given three disconnected numbers to call him at !!! So I asked for Alex Taft was put on hold for few minutes then told she was in a meeting .. And never got a call back ...

I am going to have a meeting with A.D.E.Q. next week will ask for a permit to deepen and connect to my well (disconnect from the town)
